MANY WITNESSES TO TESTIFY YET

More Than Fifty Are to be Exam-
ined in the Harris Investiga-
tion.

MAY LAST UNTIL NEXT WEEK

Philos Culbertson, Negro Farm La-
borer, in Grand Jury Room
Short Time Today.

LATE START THIS MORNING

Mrs. Willie Bell, Otto Murphy, Frank
Keene, James Alexander and
Others Called Today.

With the names of at least sixty
witnesses already at hand, and a
number more yet to be placed on the
witness list, the grand jury is now
going at full tilt in the investigation
of the Harris case.

Although the grand jury started
late this morning, a large number of
witnesses were examined today, and
they were turned out fast, many of
them having little testimony to give.
It is being predicted that the investi-
gation will extend into next week.

Philos Culbertson, the negro farm
laborer, was called into the jury
room about 11:45 o'clock, and was
held there until 12:30 o'clock when
the grand jury adjourned for dinner.
The afternoon session did not begin
until 1:30 o'clock, but the negro was
not placed on the stand again. He
was in the corridors on the third floor
much of the time during the day.

The names of a large number of
witnesses and the gist of the facts
which they are purported to have told
and to which they will likely testify
before the grand jury have been plac-
ed in the hands of John C. Cheney,
the deputy prosecutor, who is con-
ducting the examination, by attor-
neys for L. B. and Paul Harris. A
duplicate copy was furnished the
foreman of the jury also.

A caucus of the attorneys has been
held and an endeavor is being made
to assist the grand jury in every way
possible to make the probe as com-
prehensive and far-reaching as pos-
sible. The attorneys are anxious that
every bit of evidence in the case be
heard by the grand jury.

Joe Vandiment, George McManus,
James Alexander, Frank Keene, Will
Brooks, Otto Murphy, George Hiers,
Mrs. Willie Bell, and Mrs. Maude
Vandiment, were among the witnesses
before the grand jury today.

George Hiers, Otto Murphy and
Frank Keene comprised the hunting
party which was in the vicinity of
Ashland farm the morning of the
day of the fire. They passed the
Harris home about noon and saw no
indications of fire.

George McManus was also a hunter
in that vicinity on Tuesday, March
12. It is understood he circled
around the Harris farm house, al-
ways within a few hundred feet of it,
in his quest of ducks, and sat down
and rested on a gate east of the
house at 11:20 o'clock. He says he
noticed no signs of fire in the house.

James Alexander who lives on the
farm adjoining Ashland farm and
who was one of the first men to reach
the scene of the fire and enter the
house, was allowed to leave the grand
jury room about 2:30 o'clock. It will
be remembered it was reported at the
time that Alexander said he believed
he heard a woman scream some time
that morning, but he later denied he
had made any such statement.

Joe Vandiment was the next wit-
ness after Alexander. He is a train-
ed nurse and lives in the Gings nei-
ghorhood. He was at the scene of the

fire that afternoon and dug in the
ruins of the country home for the
charred parts of Mrs. Harris' body.

Will Brooks, of Noble township, a
neighbor of Paul Harris' was sum-
moned to appear before the grand
jury this afternoon, and was on the
third floor until late in the afternoon,
but had not testified.

Mrs. Maude Vandiment, who was
in the room when Mrs. Willie Bell
talked to Mrs. Harris over the tele-
phone that morning, was here today
to go before the grand jury.

Mrs. Willie Bell, living in the Gings
neighborhood, was the first witness
to be called before the grand jury
this morning. It is said that her tes-
timony is highly important. It was
she who the coroner found in his in-
vestigation was the last person who
talked to Mrs. L. B. Harris.

Her testimony at the coroner's in-
quest was that she talked to Mrs.
Harris over the telephone about eleven
o'clock, but that her clock was
about twenty minutes fast. Mrs.
Maude Vandiment was in the room
while Mrs. Bell was talking to Mrs.
Harris.

It is said that witnesses will be
produced to testify that Philos Cul-
bertson, the chief witness at the cor-
oner's inquest, told them he was driv-
ing past George Looney's farm a few
miles east of here on the Glenwood
pike that Tuesday morning, after he
had left Paul Harris at his home,
when the C. H. & D. train, due here

JAMES R. NIXON SUCCEUMS

Expired at His Home Near Fairview
With Heart Trouble.

James R. Nixon, 75 years old, died
this morning at his home near Fair-
view after a five weeks' illness with
heart trouble. Mr. Nixon was a well
known farmer in the Fairview nei-
ghorhood. He is survived by his wid-
ow and five children, Robert, Samuel,
Mrs. Bert Miles, Mrs. Kate Pearson,
and Mrs. Lulu Cole. The funeral
services will be held Saturday after-
noon in the Fairview church, con-
ducted by the Rev. Mr. Burns. Burial
will take place in the church ceme-
tery.

DR. H. H. ELLIOTT TO QUIT PRACTICE

Glenwood Physician Sells Property—
His Associate, Dr. J. T. Paxton,
Will Locate Here.

LATTER'S HOME SOLD ALSO

Albert Ficklin, well known resident
of the western edge of Fayette coun-
ty, has closed a transaction by which
he becomes sole owner of the house
and the five acres of land lately own-
ed and occupied by Dr. H. H. Elliott
of Glenwood, prominent practicing
physician. The price paid was even
\$5,000, and Mr. Ficklin will be given
possession of the place in September,
says the Connersville News.

The house is one of the best in ev-
ery way in Glenwood, and the land is
rich and finely located. Mr. Ficklin
expects to make the place his home.
Dr. Elliott intends to retire. He is
past sixty-five years old, has enjoyed
a large practice for many years, and
begins to feel the effects of his long
and close application to his profes-
sion. His health, while not yet bro-
ken, he feels is weakened, and he will
therefore arrange to withdraw from
his active labors and it may be that
he will move to Connersville. He is
the father of Dr. R. H. Elliott of this
city. His long time profession asso-
ciate, Dr. J. T. Paxton, has also sold
his place in Glenwood, and is prepar-
ing to move to Rushville.

CELEBRATION TO BE HELD JULY 4 WOULD CONDEMN GROUND FOR SITE

Local Redmen Have Plans Under Way
For a Big Time Here
That Day.

POWWOW AT FAIRGROUNDS

Industrial and Historical Parade One
of Features—Many Visitors
Expected From Distance.

For the first time in many years
Rushville is to have a Fourth of July
celebration. The celebration is to be
of the old fashioned kind and will
be given under the auspices of Tan-
pah Tribe No. 102 Redmen.

The Redmen of this city have been
considering the proposition for some
time and plans for the celebration and
powwow are gradually taking shape.
Committees have been appointed to
take charge of the arrangements and
at this early a date the affair prom-
ises to be the "best ever." A meeting
of the publicity committee composed
of G. P. Hunt, George Osborne, Jesse
Poe, H. G. Hackman and Ed Sher-
man, was held last night and plans
were made for getting the "big do-
ings" before the people.

The powwow and celebration will
be an all day affair and will conclude
with a fireworks display at night. On
the morning of July 4, a historical
and industrial parade in which the
various tribes of Redmen from over
the district will take part, will be one
of the features of the day and an
effort will be made to surpass any-
thing of the kind ever given here.

In the afternoon the powwow will
be held at the fair grounds. Horse
races, automobile and motorcycle
races will be on the program. The
racing program will be the best that
can be arranged. To conclude the
day's events a big fireworks display
will be given here that night.

Invitations will be sent to all the
tribes in the surrounding cities and
one of the largest crowds ever in
the city is expected to attend. While
the celebration will be in charge of
local Redmen, the events of the day
will be open to the public and visitors
are expected from all over the dis-
trict. It has been many years since
Rushville has had a Fourth of July
celebration and the one planned for
this year promises to make up for
past years.

TAKEN BACK TO TERRE HAUTE

Roy DeArmond Will Finish Term For
Petit Larceny.

A deputy sheriff from Vigo county
returned to Terre Haute yesterday
afternoon at 5 o'clock with Roy De-
Armond. Before handing DeArmond
over to the Terre Haute officer, May-
or Black fined him \$25 and costs on
the assault and battery charge. De-
Armond was wanted there for break-
ing jail while serving a ninety day
sentence for petit larceny. The po-
lice here are glad to get rid of De-
Armond as he has caused them
trouble on several occasions and is
considered a bad character.

SURVIVED SEA DISASTER.

Harry H. Homer, who was born
and reared in Knightstown, but
whose home is now in Indianapolis,
was a passenger on the Titanic, who
survived the wreck. He has written
his sister in Indianapolis that he is
safe, and that he was in the water
four hours. Mr. Homer is the son of
Dr. H. A. Homer, deceased of
Knightstown.

Center Township Trustee Files Suit
to Buy Land at Reasonable
Sum in Mays.

WILL ERECT SCHOOL HOUSE

Old One Condemned by State Board.
Bitter Fight of Few Years
Ago Recalled.

The condemnation proceedings
which have just been filed in the cir-
cuit court, by Chester D. Rhodes,
trustee of Center township, against
Samuel Cohee, a resident of Mays, to
procure a site for the new school
building which is to be built at Mays,
recalls the bitter school house fight
in that township a few years ago.

For two years the trustee has been
planning to build a new grade build-
ing because the old one is in bad re-
pair and is hardly a fit place for
children to attend school. When he
set about to get a site, it was found
that the owner of the only desirable
one wanted more than the land was
worth, in the trustee's estimation.

Th plan to build a new school
house at Mays was abandoned at
that time. But since the State Board
of Health, on the recommendation of
Dr. J. N. Hurty, secretary, has con-
demned the old building at Mays and
ordered a new one built, it is incum-
bent on the trustee to build one. The
site of the old building is said to be
undesirable, and it is for that reason
the condemnation proceedings were
brought to get a new site.

It was the real estate of Samuel
Cohee that the trustee considered
two years ago, when he planned to
erect a new building, but his plans
fell through because he believed the
owner wanted too much money for
the plat of ground. Now that the
trustee is ordered to build a new
school house, he has brought con-
demnation proceedings to attempt to
compel Mr. Cohee to sell the ground
for a school house site at a reason-
able price.

It was Mays against the trustee
and Center a few years ago when
the bitter fight was conducted over
the location of the Center township
high school building. The Mays con-
tingent wanted the structure erected
at Mays, and the trustee favored the
claims of the people of Center. After
considerable litigation the building
was finally situated at Center, where
the high school students of the town-
ship are now attending.

Sparks & Gary are representing
the trustee in the present suit and
Watson, Titsworth & Green are look-
ing after the interests of Samuel Co-
hee.

FLOCK TO CONNERSVILLE

Pythian Sisters go For Twelfth Dis-
trict Convention Today.

Scarcely an I. & C. car went to
Connersville today that did not carry
a Rushville Pythian Sister to attend
the annual convention of the lodge-
women of the twelfth district. The
convention began at one-thirty
o'clock this afternoon, but many
from here went early this morning.
Still more are going tonight. The
convention was attended by represen-
tatives from Richmond, Shelbyville,
Newcastle, Rushville, Liberty, Cam-
bridge City, St. Paul, Brookville, Sun-
man, Batesville, Blooming Grove,
Hagerstown, Laurel, Everton, College
Corner, Straughn, Fairfield, Knights-
town, Morristown, Sulphur Springs,
Spiceland and Waldron.

MRS. MARY ELLISON DEAD

Passed Away This Afternoon After
Brief Illness.

Mrs. Mary Ellison, 78 years old,
widow of the late William Ellison,
died this afternoon at the home of
her son, G. F. Ellison, two miles east
of Homer. Mrs. Ellison had been ill
since last Friday and suffered a
stroke of paralysis early yesterday
morning. She is survived by four
sons, J. M. Ellison, G. F. Ellison, A.
C. Ellison and E. E. Ellison. The
funeral services will be held at the
residence Saturday morning at 10
o'clock. Burial will take place in the
Orme cemetery.

SEVEN DOCTORS GO TO MEETING

Rushville Practitioners Travel Auto
Route to Liberty For Medical
Session.

INDIANAPOLIS MEN HERE

Seven Rushville physicians went
to Liberty this morning in automo-
biles to attend the eighty-seventh
semi-annual meeting of the Union
District Medical Association. The
sessions were to begin at ten o'clock
this morning in the court house. A
good country dinner was advertised.
Dr. J. C. Sexton read an interesting
paper this morning and Dr. C. S.
Houghland of Milroy opened the dis-
cussion on one of the papers.

The physicians who went from here
were Drs. Frank H. and Lowell M.
Green, W. S. Coleman, J. C. Sexton,
J. G. Lewis, W. S. Smith and J. T.
Blount. They were taken in an auto-
mobile by Merrill Ball.

Five Indianapolis doctors passed
through here this morning in an au-
tomobile on their way to attend the
meeting. In the machine were Drs.
Noble, Kimberlain, Graham and Em-
erson, dean of the Indiana school of
medicine. Dr. Thomas B. Noble is
the man who has just resigned as a
member of the Indianapolis board of
health, after eight years' service, be-
cause he was not in accord with the
policies of the city administration.

TIME TO CLIP SHEEP HERE

Work Will be Well Under Way in
Two Weeks.

While the sheep shearing season
was started in Rush county some
time ago, two weeks of warm weath-
er will be necessary before any work
of consequence will be begun. The
warm weather will cause the sheep
to perspire which in turn will result
in the oil penetrating the wool. Un-
less the wool is oily it is practically
worthless, as in flimsy condition it is
not fit for manufacture. There is
every reason to believe that the clip
this year will be as good as that of
last year. The sheep raising busi-
ness is not as great in this county
as it was once.

FIFTY YEARS TO A DAY.

The agitation, started by the
last grand jury, to repair the
court house recalls an incident
which is not so generally known
here. The contract for the
present structure was signed
March 5, 1866. Shortly after
that it was discovered the con-
tract to build the old court
house which was razed to make
way for the new one was signed
fifty years to a day previous to
that, March 5, 1846.

COURT BUSY IN ACCOUNT SUIT

Day is Consumed With Case Filed by
Eliza Gallimore to
Collect \$300.

FOR NURSING HALF-SISTER

Roy Cook, Carthage Colored Boy, is
Indicted by Grand Jury—O'Neil
Hearing Saturday.

Most of the time of the circuit
court today was occupied with the
case of Eliza Gallimore against Wil-
liam Downard to collect three hun-
dred dollars on an account. It was
the first jury trial of this term of
court.

The grand jury made a partial re-
port last night and returned an in-
dictment against Roy Cook, the Car-
thage negro youth who has been in
jail for the last three weeks. Cook
was caught in the act of robbing a
till in a business room at Carthage.
It is said he stole two dollars.

Mrs. William Downard, who is now
dead, and the plaintiff in court today,
Mrs. Gallimore, were half-sisters.
According to the complaint, Mrs. Gal-
limore nursed Mrs. Downard while
she suffered with Bright's disease,
from which she finally died. Mrs.
Gallimore asserts three hundred dol-
lars is due her for caring for her
half-sister.

The case of the Knightstown Bug-
gy Company against Jasper D. Case
was dismissed and the costs paid.

The petition of Priscilla Kenner
and others for a drain was ordered
to be docketed by the court.

Judge Blair has set the hearing in
the revocation proceedings filed by
the prosecutor against his deputy for
Saturday morning at nine o'clock.
The hearing was called for yesterday,
but Dennis O'Neil failed to appear on
a plea that he was sick.

The court today sent the five
thousand dollar damage suit of Wil-
liam Blakemon, colored, against
Marion McCann for the alienation of
his wife's affections to Hancock
county on a charge of venue and five
days is allowed to perfect the change.
The motion for a change of venue
from this county was filed by Blake-
mon yesterday.

Pinkney Dearing today was ap-
pointed administrator of the estate
of his father, James M. Dearing,
deceased.

THE WEATHER

Showers and thunder storms to-
night and Friday. Warmer tonight.

TWO ADDRESSES.

The Rev. H. D. Sterrett, pastor of
the Glenwood M. E. church will de-
liver the commencement address for
the graduating class at Fairfield,
Fayette county, in May, and will
make the chief address at a big Odd
Fellows initiation at Metamora Fri-
day.

BUYS LARGEST POPLAR.

James L. Vance, the veteran
lumberman, claims the honor of
buying the largest poplar tree
left standing in Rush county.
The tree cut four fourteen-foot
logs and one ten feet in length.
The butt log measured fifty
inches in diameter and the for-
est giant will make 7500 feet of
lumber according to Mr. Vance's
measurements. The tree was
on the farm of George W.
Looney, Jr., east of town. It
will be shipped to Indianapolis.

KNEW THE BERGS WERE OUT AHEAD

Titanic's Officers Were Fully Aware of Their Peril.

BUT THEY KEPT ON FULL SPEED

Senate Investigating Committee Now Has Evidence That Captain Smith of the Ill-Fated Liner Had Been Informed of Proximity of Ice, but Despite This Did Not Lessen the Speed of His Great Floating Palace.

Washington, April 25.—It was definitely established by testimony given before the senate special investigating committee that Captain Smith and several of the officers of the Titanic were expecting to encounter ice on their course about 11 o'clock on the fatal Sunday night.

This fact was brought out in the testimony of Second Officer Lightoller, who, when recalled to the stand, said that he had been shown a message by the captain, which gave the latitude and longitude of ice reported to the Titanic by another ship. He told the committee he worked out by means of the chart the time at which the Titanic would probably be nearest this ice, and found it was to be expected about 11 o'clock. He so informed the captain and Officer Murdoch, who relieved him at 10. Despite this, however, he admitted the speed of the vessel was not lessened and the only precaution he took, he said, was to tell the lookout men to keep a sharp watch for ice until daybreak.

No Women Left, He Says.

Asked if there were any women left on the deck of the Titanic when he left the ship, Lightoller said that on the port side there were none and that Shemmings, a good, reliable man who was with witness, went the whole length of the ship on the starboard side and reported that he saw no women on the boat deck except two who were standing amidships on the bridge. They were doing nothing and making no effort to get to any boat. Witness declared that Mr. Ismay, while on the Carpathia, seemed obsessed by the idea that he ought to have gone down with the ship. He was told on the Carpathia that Mr. Wild, one of the officers of the Titanic, a big powerful man, had ordered Mr. Ismay into a boat after telling him there were no more women on the ship, and Mr. Ismay demurring, Wild bundled him into the boat.

Officer Lowe of the Titanic startled the hearers by declaring that he waited in his lifeboat until "the drowning people had thinned out" before going back to pick up any survivors. He explained that it would have been suicide for all in his boat to have gone back while 1,600 people were struggling for their lives in the waters about the Titanic; that they would have swamped his lifeboat. He also told of the rescues he made, and cleared up the stories about the use of revolvers by the Titanic's officers.

Captain Denies It.

Senator Smith, acting upon advice received through the representative of a Toronto newspaper, enlisted the aid of the Canadian government in investigating the report that the Canadian Pacific line steamer Mount Temple, now at St. Johns, N. B., was within sight of the Titanic when she sank. The captain of the Mt. Temple denied this in a telegram to the senator, but it was arranged that a Canadian commission should take his deposition before he sails from St. Johns.

J. Bruce Ismay, managing director of the White Star line, who escaped from the Titanic in a lifeboat, accompanied by White Star officials and officers of the Titanic, visited the British embassy, and it was persistently reported that they had entered protest against their treatment at the hands of the committee. This report was denied by the persons concerned, both at the embassy and by Mr. Ismay. A request was made that the sailors, who had testified, be permitted to return home, but Senator Smith refused to grant such permission.

Figures Officially Given.

London, April 25.—Slydney Buxton, chairman of the board of trade, stated in the house of commons that there were 2,207 persons on the Titanic when she sailed for New York. Of this number 703 had been saved, making the total number lost 1,504. There were 3,336 mailbags and fifty-two parcel postbags lost.

TAFT FIRES HIS INITIAL "BOMB"

Roosevelt's Alleged Leniency Toward Trusts Attacked

BROUGHT OUT IN THE SENATE

Documents Relating to the Former President's Attitude Toward the Harvester Trust Are Laid Before the Senate in Answer to Resolution Evidently Prepared With the Full Knowledge of the Administration.

Washington, April 25.—The United States senate has secured documents to show that Theodore Roosevelt when president directed that the suit for the dissolution of the harvester trust then in course of preparation be held up.

"Please do not file the suit until I hear from you," wrote the president to C. J. Bonaparte, his attorney general, after Mr. Roosevelt had a conversation with George W. Perkins, one of the directors of the International Harvester company, and a large stockholder in it.

Apparently Mr. Roosevelt never did hear favorably from his attorney general, for the suit which was in process of preparation failed to materialize in the Roosevelt administration and is about to be begun by the Taft administration unless the harvester company consents to a voluntary dissolution.

The excuse given by President Roosevelt for holding up the proposed suit was that Herbert Knox Smith, his commissioner of corporations, might finish an investigation which he was making into the affairs of the harvester trust. Apparently this investigation never was concluded, for it was only recently—five years later—that the bureau of corporations was gathering material for Attorney General Wickersham's proposed prosecution of the trust.

The introduction of this documentary evidence in the senate marks the beginning of an aggressive personal campaign on the part of the president against his predecessor. It is true that this information was produced by a Democrat, Johnstone of Alabama, but the president's friends undoubtedly had knowledge that such a resolution was to be introduced. In less than three hours after the passage of the resolution all of the documents on file in the department of justice, including Roosevelt's confidential letters, were laid before the senate.

Senator Bristow of Kansas, one of the Roosevelt supporters, interrupted the reading of the attorney general's communication to the senate and asserted that it was very evident that the correspondence was prepared by the attorney general and ready to be transmitted to the senate before ever this resolution was introduced.

Senator Johnstone denied this, but Bristow insisted that it was an effort to discredit one of the Republican candidates for president. The publication of these letters will be followed to-night by a speech by President Taft in Boston, which will be a severe arraignment of Roosevelt.

The Colonel Merely Smiled.

Oyster Bay, N. Y., April 25.—The resolution adopted in the senate for the submission of the Roosevelt documents concerning the proposed 1907 prosecution of the harvester trust and the reasons for its abandonment drew little response from Colonel Roosevelt except some smiles. His attitude was as one who would say "Bring on what you choose, I'm ready."

THEY KEPT COOL

Bank Robbers Not Disconcerted by Fire of Posse.

Fort Smith, Ark., April 25.—Six bank robbers and about fifty citizens of the town fought a duel for more than two hours, in which time more than 200 shots were exchanged, in the business district of Midland, a mining town thirty miles south of Fort Smith. The bandits robbed the Bank of Midland of \$1,500 and under fire made good their escape.

Citizens of the town were awakened by heavy explosions at 2 o'clock in the morning. Scores of men hurried to the downtown district, and as they ran toward the bank building they were met by a volley of shots fired by four robbers stationed behind buildings outside the bank. In the excitement that followed the citizens armed themselves, returned to the scene under cover and began shooting in the direction of the fire, flashes coming from the concealed robbers' guns.

Explosion after explosion occurred in the bank, and as the battle raged eight charges of nitroglycerine were used in blowing open the safe and vault. After gathering up all the currency in sight the robbers set fire to the papers in the wrecked vault. The building caught fire and while the blaze was being extinguished the robbers escaped.

Busy Forger Sentenced.

Columbus, Ind., April 25.—Leonard Brokaw, aged thirty-six, said to be one of the most prolific forgers caught in Indiana in several years, entered a plea of guilty in the Bartholomew circuit court and was sentenced to serve from two to fourteen years in the state prison.

Officials Prepare For First Registration Which Will be Held Thursday, May 9.

INSPECTORS NAME CLERKS

Preparations for registration day of May 9th, are being completed and the necessary supplies have been sent to the various townships in the county. It is important that every voter register at one of the three sessions of the registration board for unless proper registration is made the voter will not be entitled to the right of suffrage. The registration board will hold a second session on Friday, September 6th, and a third on Monday, October 7th.

The county commissioners have appointed an inspector for each precinct. There will be two clerks in each precinct, making a total of three officials in each precinct. Each has power of a sheriff. The clerks are named by inspectors in nomination of county chairmen. One will be a Democrat and the other a Republican.

ASHAMED OF HER FACE

"I was ashamed of my face," writes Miss Pickard of North Carolina. "It was all full of pimples and scars, but after using D. D. D. Prescription for Eczema I can say that now there is no sign of that Eczema and that was three years ago."

This is but one of thousands of cases in which D. D. D. has simply washed away the skin trouble. D. D. D. cleanses the skin of the germs of Eczema, Psoriasis and other serious skin diseases; stops the itch instantly, and when used with D. D. D. soap the cures seem to be permanent. Nothing like D. D. D. for the complexion.

Trial bottle 25 cents, enough to prove the merit of this wonderful remedy.

We can also give you a full size bottle for \$1.00 on our absolute guarantee that if this very first bottle fails to give you relief it will cost you nothing.

Al. W. Kwoezella, 824 No. 8th St. Terre Haute, Ind., the well known Labor Union leader, says, "I had a severe case of kidney trouble and took a great deal of medicine but derived no benefit from them. While suffering greatly I took Foley Kidney Pills and in a short time they cured me and I highly recommend them." F. B. Johnson & Co.

Mrs. Minnie Moody, Frankfort, Ind., has found Foley's Honey and Tar Compound to give such good results that she uses it for all coughs and colds with the best results. She says "I wish to recommend Foley's Honey and Tar Compound. It is the only thing I ever found to relieve my little girl of a cough."

Cheaper Transportation than horse, trolley or train—

The
Brush
Runabout

Fully equipped \$450
(F. O. B. Detroit)

A Brush Runabout covered 100 miles at a cost of only 39 cents in an economy contest among 109 Brush cars

The average cost of the 100 miles run by the other 108 cars was less than 66 cents. This contest was held in 109 cities, over all kinds of roads.

A Detroit Corporation has a **Brush** that has covered more than 21,000 miles and they say it is still as good as new. This **Brush** took the place of two horses and a buggy. It paid for itself in additional work in ten months' time.

Facts like these prove the efficiency and reliability of the Brush

Regardless of its low price, it is a *real* automobile, made and guaranteed by the United States Motor Company, the largest manufacturers of automobiles in the world. The low price is made possible by the great economies in manufacturing, purchasing and distributing, effective in an organization of such size.

Countless **Brush** users have found this car more economical for daily use in their business than trolley, train or horse. Salesmen, physicians, storekeepers, insurance men—men whose

A **Brush** owner in Nebraska climbs 50 hills a day—the **Brush** is equally efficient on hill or level—it will go 30 miles an hour—all the speed the average person needs.

A California R. F. D. Carrier drove his **Brush** 25,000 miles in two years—never missed a day in all that time—stopped and started the motor 118,000 times.

success depends on their rapid and regular transportation from place to place—use the **Brush** and offer testimony to the increased efficiency it brings them.

Come and see the **Brush**. We will take you for a ride in it wherever your daily work takes you. We will prove its efficiency under exactly those conditions you meet every day. Registration Law Facts

Registration Officers.

The registration board consists of an inspector and two clerks for each

precinct. The inspector is appointed by the board of county commissioners, at its April session. He must be at the time a voter and resident freeholder of the township in which is situate the precinct for which he is appointed, and must have resided in the township continuously for at least one year immediately prior to his appointment; or else, he must be a voter and resident householder of the precinct for which appointed and shall reside in the township for at least two years immediately prior to his appointment.

After the board has made its order appointing such inspector, the county auditor must immediately notify each inspector so named of his appointment, and he must qualify within ten days after receipt of such notice by taking a written oath required by section three of the law and filing the same in the auditor's office. Failing to qualify within such time his office becomes vacant and the vacancy in the office of a registration inspector is filled by the county auditor.

The registration clerks are appointed by the inspector not less than five days before the May session, upon nomination by the chairmen of the two parties casting the highest and next highest vote in the county in the last preceding general election. The county chairman must nominate such clerk at least ten days before the May session. If such nomination be made, or the person so nominated fail to appear and qualify the inspector must nevertheless appoint such clerk and such appointee shall be of the political party to which the chairman failing to appoint, or clerk failing to appear and qualify belongs. The clerks take oath in writing before the inspector at the time the board is organized, and these oaths are returned by the inspector to the auditor with other papers of the May session of the board.

The inspector and clerks of the registration boards may serve in a like capacity upon the general election board; but their acceptance of and qualification as election officers would vacate their positions as registration officials.

Pay and Meals.

The law provides that each member of the registration (Act says "election") board shall be paid for his services at the rate of \$4.00 a day for the time necessarily engaged in the discharge of his duties as such member, and the inspetor shall furnish members of the board with good plain and substantial meals during the time they are in session, the expense of which shall be paid out of the county treasury. The pay is for each day of twenty-four hours or fractional part thereof spent in the discharge of his official duties.

AN AMAZING ATTRACTION

Recently the Bison Company has made a special arrangement with the proprietors of the famous "101 Ranch Wild West Show" to use that tremendous organization in the reproduction of a series of gigantic photoplays in which some four hundred players, sldiers and Indians appear against the magnificent back-grounds of California scenery. One of the best of these, "The War on the Plains" in two reels—two thousand feet of spectacular splendor—will form the feature of our tonight's program. You've seen big western pic-tures, but never anything like this.

SOCIETY NEWS

The Wednesday afternoon Bridge club will be entertained tomorrow af-ternoon by Mrs. C. W. Cross at her home in East Seventh street.

Dr. and Mrs. Amos Carter of Plainfield announce the engagement of their daughter Helen to Birney D. Spradling of Rushville, Indiana. The wedding will take place in June.

The Misses Jessie and Pearl Kitch-en will entertain the Embroidery club Saturday May 4, with a one o'clock luncheon at their home in West Third street. The meeting this week has been postponed.

The young women of the city will give a leap year dance tomorrow evening at the Modern Woodmen hall. The Russell Smith orchestra will fur-nish the music and the grand march will start promptly at 8:30 o'clock.

Another pretty wedding was that celebrated last evening by the Rev. E. S. Conner, the bride being Miss Wilma E. Keaton and the bridegroom Frederick E. Kennedy says the Indi-anapolis Star. The ceremony took place at 8 o'clock at the home of the bride on Kenwood avenue in the pre-sence of relatives and close friends. There were no attendants. The bride wore a beautiful lingerie gown of embroidered French organdy with in-serts of lace and carried an armful of bride roses.

The house was trimmed prettily with ferns and spring flowers. At the close of the ceremony an informal reception was held. The guests from out of the city included Mrs. Eliza Keaton of Arlington, mother of the bride; Mr. and Mrs. Edwin Keaton, Miss Alice Kennedy and Harry Ken-nedy of Rushville, and Miss Mary Hinds of Morristown. Mr. and Mrs. Kennedy will reside at 2815 Kenwood avenue and will receive their friends after May 20.

AMUSEMENTS

The Portola has a comedy and a drama for tonight's program "The Nurse" is the title of a thrilling Edi-son drama. "A Mid-Winter Night's Dream" is a Lubin comedy. Tomor-row night the feature two reel pic-ture "The Danites" will be the at-traction.

The Princess has the usual two films tonight. "The Picture Writer" is a Vitagraph feature drama. It tells a beautiful story with a back-ground of fine scenery. The other is a comedy, "Quieting the Neighbors." In this picture a leopard is featured. Tomorrow night a Biograph, "A Sis-ter's Love" will be shown.

The first of the series of fifteen films of the "Bison-101" headliners will be shown at the Palace theater tonight. It is highly dramatic as well as thrilling and is a story of the western plains that is said to be so vivid that it is almost real. This pic-ture is in two reels of a thousand feet. No western picture is said to have ever surpassed this in splendor. All of the famous series of pictures were produced by the 101 Ranch Wild West Show under the direction of the Bison company.

Rushville Vulcanizing Company is Housed in New Building.

The Rushville Vulcanizing Com-pany which is housed in the new building completed recently on the ground between the Green office build-ing and the Daily Republican build-ing, is not only doing vulcanizing work, but is also doing automobile repair work. Three competent men are employed in this department, and they are all able to care for the "ail-ments" of an automobile. Merrill Ball, county commissioner, who is well known all over Rush county for his integrity and business ability, heads the concern. This company was the premier in the vulcanizing business in Rushville, and now has employed an expert who learned the trade when it was young.

PRINCESS CANTACUZENE

Daughter of Gen. Grant Home to Attend Father's Funeral.

TAFT WILL ATTEND THE GRANT FUNERAL

Many Dignitaries to Be Present Tomorrow.

New York, April 25.—Arrangements have about been completed for the funeral tomorrow of General Frederick D. Grant. His daughter, the Countess Cantacuzene, has arrived from her home in Russia. The funeral had been delayed to allow her to attend. She will probably remain in this country a couple of weeks.

The services will take place at the chapel on Governor's Island tomorrow at 10:30. These will be conducted by the Rev. E. B. Smith, the chaplain, who will be assisted by Bishop Samuel Fallows of Chicago. A special train will take the body of General Grant to West Point, where the burial will take place in the afternoon.

President Taft, Vice President Sherman and Major General Leonard Wood are expected up from Washington to attend the services. The men who are to be pallbearers are Brigadier General William Crozier, Brigadier General H. G. Sharpe, Andrew Carnegie, Hamilton Fish, Dr. Hobart Abbe, William A. Purfington, Colonel H. E. Robinson, Major General F. V. Greene, Colonel R. M. Thompson, Senator Root, Colonel O. L. Hein, H. W. Taft, Major General T. H. Barry, General Horace Porter, Herman H. Kohlsaat and Brigadier General Tasker Bliss.

Trying to Get Together.
New York, April 25.—Charles P. Neill, United States labor commissioner, and Martin A. Knapp, presiding judge of the United States court of commerce, who are endeavoring to bring about a settlement of the controversy between the railroads and the engineers are holding a conference with the representatives of the railroads today and will meet the engineers later.

Missouri Republicans Split.
St. Louis, April 25.—The state Republican convention, which assembled here today, is split on the contests instituted in fifteen counties and the Sixth ward of St. Louis, which involves the seating of 203 delegates. The decision on these contests means the control of the state convention either for Taft or Roosevelt, and it is probable there will be two conventions.

London Responding Generously.
London, April 25.—The lord mayor's fund for the Titanic's sufferers amounts to \$390,000. The total of all funds now open is \$950,000.

The KITCHEN CABINET

STRENGTH for today, is all we need.
As there never will be tomorrow;
For tomorrow will prove but another day,
Each with its measure of sorrow.

SOME USES FOR SOUR CREAM.

There are not many who have never tried it would believe that sour cream makes a delicious white sauce to serve with codfish. Prepare the white sauce just as usual, using the cream instead of the milk.

Sour cream, if not too old, makes a delicious dressing for shredded cabbage. Add a little sugar and vinegar and pour over the cabbage.

Sour cream makes a fine shortening for spice cake and for small cup cakes, to be baked in gem pans.

Sour cream pie is one that is hard to beat. Use the cream, raisins and eggs and bake with two crusts.

Sour cream makes the best shortening for doughnuts, as they do not dry out as soon as when baking powder and sweet milk are used.

Sour Cream Dressing.—Beat a half pint of sour cream with an egg beater until smooth, thick and light. Mix two tablespoonfuls of lemon juice, two of vinegar, a teaspoonful of salt, a tablespoonful of sugar and a pinch of mustard and pepper, and add to the cream, beating all the while.

This dressing may be modified to suit different vegetables. Any seasoning may be added that is desired. Onion juice, nutmeg, catsup or any different flavor liked.

Sour cream and nuts with brown sugar boiled together makes a delicious filling.

Sour cream stirred or beaten until butter comes will give a fresh lump of pure, sweet butter, of which many are so fond.

Cookies of all kinds are improved by using sour cream to shorten them.

Sour cream added to cream cheese or cottage cheese adds to its palatability.

Sour cream dressing is liked by many used on sliced cucumbers. This is simply sour cream with a little salt, pepper and sugar added.

THE NOSE A FILTER TO STRAIN THE AIR

Catarrh Clogged Nostrils A Breeding Place For Deadly Germs.

The nostrils are perfect "air filters" and, when kept in clean, healthy state, strain every bit of air we breathe, catching all dust particles, foreign matter and germs. The air is full of germs. You cannot dodge them, but you can safe-guard yourself against catarrh and other diseases contracting in the process of breathing by keeping the nostrils clean and healthy. Catarrh germs will sometimes get in their work, and you may mistake the symptoms for an ordinary cold.

Don't take any chances. If you have a stuffed up feeling in the head, or if your throat is sore or filled with phlegm, just grease the nostrils with a little Ely's Cream Balm, draw the pure, aromatic fumes back in the head, and you will be astonished at the effect. In a few minutes you will feel a loosening up in the head, the nasty discharge will soon be stopped, the soreness gone, and you will feel a sense of genuine relief.

Ely's Cream Balm not only wards off catarrh, but will quickly cure even a chronic, longstanding case of catarrh. It takes the trouble right where it starts, in the nose and throat, cleanses, heals and strengthens the raw, sore inside skin, or membranes, and in this way drives out catarrh and makes you proof against this filthy, disgusting disease.

Summer Colds, which often hang on for weeks, can be quickly cured with this cleansing, healing, antiseptic balm. All druggists sell it for fifty cents a bottle, and the one bottle is generally all that is needed to effect a complete cure. Try it today. Hargrove & Mullin, special agents.

We will sell regardless of price, 25 beautiful lots in Glenwood, Ind., at 2:00 o'clock April 27. Splendid chance for good investment.

STOKERS INSIST ON BETTER LIFE BOATS

Strike at Southampton Delays Olympic's Sailing.

Southampton, April 25.—Just before the vessel's sailing time, complaining of the life-saving facilities on board the liner Olympic, sister ship of the lost Titanic, 300 stokers struck, declaring the additional life-saving equipment inadequate.

The firemen who quit the Olympic state one of their number pushed his thumbs through the canvas of one of the collapsible boats, and therefore they decided not to take any risk. After a delay of an hour, the liner moved down the river, where she anchored.

The Olympic with her 1,400 passengers is still anchored at Spithead, waiting for her complement of firemen. The vessel got that far with the help of forty engineers who had been loaned by the American line. The striking firemen, notwithstanding the fact that they are liable to arrest for mutiny, are unyielding and are supported by the officials of the union.

The board of trade inspector who examined the collapsibles insisted they are all right and offers to accompany the men on the Olympic and undergo any test they may select.

BIG DAM BROKE

Many Lives Saved by Telephone Operator's Prompt Act.

Saranac Lake, N. Y., April 25.—The new concrete dam of the Witherbee-Sherman company at Witherbee, Essex county, went out, flooding a large portion of Witherbee village, completely inundating Moriah Center and doing property damage estimated at upward of \$100,000. The lives of several hundred people were saved by the prompt action of a telephone operator in the Port Henry exchange, who notified every subscriber up the valley that the dam had burst, in time for them and their friends to reach safety in the hills.

TERSE TELEGRAMS

Justin McCarthy, the novelist and historian, is dead. He was born in Cork, Ireland, in 1830.

The British house of commons has taken steps preliminary to the investigation of the loss of the steamship Titanic.

President Taft is making several campaign speeches in Massachusetts today in advocacy of his candidacy for renomination.

In view of the Titanic disaster, the kaiser has initiated a movement to establish international regulations for life-saving on passenger ships.

Dixie Kid, an American fighter, knocked out Bernard, a French fighter, in the tenth round of a match for the world's welterweight championship at Paris.

Government ownership of the wireless telegraph systems of the country is proposed in a bill introduced by Representative Berger of Wisconsin, the Socialist member.

The proposed constitution of Alaska is granted authority to authorize woman's suffrage in an amendment incorporated in the Alaska government bill passed by the house.

Ten delegates pledged to vote for W. H. Taft until released, were elected to the Chicago national convention by the Republicans of Rhode Island in convention assembled.

Among the passengers on the lost Titanic was Thomas Andrews, Jr., a director in the firm of Harland & Wolff of Belfast, who built the Titanic, and who was himself in immediate charge of the designing and construction of the vessel.

The interstate commerce commission has handed down a decision in favor of five coal mining companies and against the Pennsylvania railroad, awarding reparation for damages resulting from discriminations practiced by the railroad in distribution of coal cars.

STRONG APPEAL AGAINST SPORTS

Grand Army Decries Desecra-
tion of Memorial Day.

ASKS THE PEOPLE TO PROTEST

In the Annual G. A. R. Order For the
Observance of Memorial Day, De-
partment Commander Waugh Makes
an Appeal Against the Growing
Custom of Turning the Day Over to
All Sorts of Sport.

Indianapolis, April 25.—In the annual
G. A. R. order for the observance
of Memorial day, issued by Dan
Waugh, department commander, an
appeal is made to the veterans and to
the general public to voice their protest
against desecration of the day by
races, sports, etc. All G. A. R. posts
are called on to try to influence the
citizens of the communities to refrain
from taking part in any sports on that
day, and to refrain from contributing
to them in any way. The appeal was
issued in compliance with a resolution
adopted by the national G. A. R. in its
meeting last year in Rochester, N. Y.
Prompt and unified action is asked to
check the growing tendency toward
the desecration of the day.

As usual, the exercises for the day,
according to the order, will include
the reading of Lincoln's Gettysburg
address. The reading of General Logan's
general order of 1868, when the
first Memorial day was observed, has
also been made a part of the official
program. All posts are requested to
arrange for memorial services in
churches on the Sunday preceding Mem-
orial day. A departure this year
will be the tolling of bells from 12
o'clock to 12:05 o'clock on Memorial
day, when flags shall be placed at half-
mast, and all veterans shall stand with
uncovered heads.

A SECOND CALL

State Needs More Money to Meet Bills
Due in May.

Indianapolis, April 25.—Treasurer
of State W. H. Volmer has announced
that it will be necessary to issue a
second call for advance payments to
the state treasury from county treas-
urers. The call will probably be is-
sued some time in May, though no
date has been set for the meeting of
the state board of finance, which has
authority to make the call. A call was
issued early this month for an advance
payment, and payments were made,
but the county treasurers failed to
send in as much by approximately
\$150,000 as the state authorities ex-
pected.

The state authorities so worded
their April call as to ask for 25 per
cent of the moneys in the state and
benevolent funds collected by the
counties and due the state not later
than June 30. Some of the counties,
the state authorities say, interpreted
the call to mean merely 25 per cent
of the amount on hand.

The amount received from the call
will pay the April bills, due from the
1st to the 15th of May.

Returned Home Unexpectedly.
Hammond, Ind., April 25.—Tipped
off by a friend, whom he had employed
as a detective to watch his wife, Mi-
chael Treschek of Indiana Harbor hur-
ried home Tuesday night and found
Jack McGregor, a star boarder, kiss-
ing his wife. Treschek stabbed Mc-
Gregor repeatedly in his face and
body. All were arrested.

"Joke" Fatal For Two.
Logansport, Ind., April 25.—Leona
Ehlinger, aged sixteen, who was shot
by her lover, Otto Glenn Brown, three
weeks ago, is dead at St. Joseph's hos-
pital. After shooting the girl Brown
killed himself. A death pact, signed
by both, was found in his grip. The
girl acknowledged she had signed it,
but said it was a joke.

Deadly Bolt From Clear Sky.
Logansport, Ind., April 25.—Elmer
Robbins, aged forty, living ten miles
north of Logansport, was struck by
lightning and instantly killed. The
lightning came from almost a clear
sky. There was no storm.

Misrepresented Their Ages.
Linton, Ind., April 25.—A jail sen-
tence of twenty-one days was given
John McCorkle and Jonah Stiff of this
city, on a charge of representing them-
selves as being of legal age, when they
sought liquor.

She Was Despondent.
Laporte, Ind., April 25.—Despondent
over ill health, Mrs. William Walkin-
shaw, aged fifty, wife of a physician,
committed suicide by drinking poison.

Cummins Still in the Ring.
Cedar Rapids, Ia., April 25.—The
Republican state convention instructed
Iowa's four delegates-at-large to the
national convention for W. H.
Taft by a vote of 764 to 720 for Sen-
ator Cummins. Asked if he would
withdraw from the presidential race,
Senator Cummins replied: "I have
been knocked down and dragged out,
but I never withdraw." The result
in the state contest is that of Iowa's
delegation of twenty-six votes, Taft
has sixteen and Cummins ten.

Smiling Pilot Buys
New Racing Motor

RALPH MULFORD.

After winning many of the world's
greatest motor car races, and piling
up a neat little fortune, Ralph Mulford
has purchased a six-cylinder Knox
racing car which he will pilot in the
second annual 500-mile International
Sweepstakes at the Indianapolis Motor
Speedway next Memorial Day. Mulford's
latest victory was the win-
ning of the Vanderbilt cup race at
Savannah in November last year.

MERCEDES ENTERS LONG RUN

Ralph DePalma will be seen in ac-
tion on the Indianapolis Motor Speed-
way course next Memorial Day when
the second annual 500-mile Interna-
tional Sweepstakes Race will be run,
the dirt track champion having en-
tered a Mercedes car. The car De-
Palma will drive is a big ninety-horse-
power motor, the same which carried
him to second place in the Vanderbilt
Cup race and third in the Grand Prize
race at Savannah during last Thanks-
giving week. The motor has a 5.1-inch
bore and 7.1-inch piston stroke, mak-
ing a piston displacement of 583 cubic
inches, close to the limit allowed for
eligibility to the Indianapolis speed
classic.

The Mercedes is a privately owner
racer, being the property of E. J.
Schroeder, of New York, the man who
has the largest interest in the Dixie
motor boats, which have the interna-
tional aquatic speed records to date.

DePalma turned down several flat-
tering offers to drive American and
foreign cars in the Speedway races,
but the road king finally decided to
pilot the ninety-horse-power Mercedes.
This car is one of the swiftest crea-
tions ever turned out by the famous
German factory.

URNS OVER CASH FOR AUTO HE WON

Jack Matthews of Connersville Gives

Check to Two Contestants in
Automobile Raffle.

THREE HELD WINNING NUMBER

Matthews, Friend of Man at Head of
Raffle—Couldn't Recover in
Court.

That Jack Matthews of Connersville, friend of the Connersville man, who conducted the automobile raffle in this city, Connersville and many others, admitted he was not entitled to the machine which he won, by writing a check for the sum he received for the automobile, made payable to the Oxford, O., man and another, both of whom held the winning number.

It has always been contended that the winning number was given out here, but no one ever showed up with it. A Rushville woman held two numbers which were within two and three respectively of the number which drew the car. This, it seems, would indicate that the series containing the successful number, was given away by a local merchant. Of the finish of the controversy the Connersville News says:

Jack Matthews, who received the automobile recently disposed of in a raffle here Wednesday wrote a check for the sum for which he sold it, payable to Mr. Wilson of Cincinnati, and to another man, from Oxford, Ohio, who held the second winning number. Thus the difficulty which arose over the result of the ill-fated raffle ended. It will be remembered that, more than a week ago, Mr. Wilson and a delegation of Oxford and College Corner business men came to Connersville to dispute the right of Mr. Matthews to the car. Mr. Matthews employed Attorney D. W. McKee, and perhaps other counsel, and a sort of session was held in the City Hall, at which the two alleged winning numbers were compared. The Ohio delegation left without the matter having been settled at all.

Some days ago, after examining all the evidence in the case, Mr. McKee and his client reached the conclusion that Mr. Wilson, once of Oxford, but now living in Cincinnati, really held first claim to the car. Mr. Matthews is quoted as saying that he did not want the car when there was a question of his right to it, and accordingly Mr. Wilson and his supporters were notified by Mr. McKee to come to Connersville. The car, soon after the drawing, was sold to W. E. Brown for \$1,000 it is understood.

Wednesday Mr. Matthews made out a check for that sum to Mr. Wilson and to another man who held the second winning number. What sort of division the two men will make of their winnings is not known. The second winner, is understood to have deserved consideration, inasmuch as Mr. Wilson did not present his coupon until after the prescribed time has expired.

It should be said that Mr. Wilson and his friends could not possibly have recovered anything from Mr. Matthews in court, whatever their case might have been, since the raffle, in all its departments, was illegal and would have no standing in court. The settling up of the unfortunate case is expected to end the copious, and unprofitable rumors which have been in the air about it, and also to strangle beforehand any attempts to exploit any raffle of similar sort in this vicinity in the future.

MANY WITNESSES TO TESTIFY YET

Continued from page one.

at 11:16 o'clock, passed that point. It is understood the train arrived here about 11:25 o'clock that morning.

It is rumored that several men at the Davis Brothers livery barn will be called in the grand jury probe. They will be used to show what time Culbertson arrived at the barn that morning. It is declared they will testify the horse was not hot, indicating that it had been driven fast.

Attorneys for Paul and L. B. Harris are endeavoring to place all the evidence possible before the grand jury so as to make it as thorough as possible. It is said it is the intent of the deputy prosecutor conducting the deliberations of the grand jury, to inquire into every phase and angle of the case, and to chase down every elusive rumor.

Frank Redman, the rural mail carrier, who testified that he passed a storm buggy at Riley Zorne's bridge the morning of that eventful day, but did not recognize who was in it because of the dense fog, testified before the grand jury yesterday afternoon. It is customary for him to reach that place about 9:30 o'clock each morning, according to his testimony at the inquest, but on this particular morning he was an hour or more late in leaving the office here. Frank Redman had no idea who was in that buggy, although he recalled passing one at that point on his route, following the disclosure of the afternoon, until he was approached by L. B. Harris, who said his son Paul told him he and the negro had passed the rural mail carrier at Zorne's bridge.

A Gruell boy who was unloading a piano at Tom Smith's farm and saw Philo Culbertson pass Tuesday morning, March 12, was before the grand jury yesterday. There were two other men with him who, it is said, will be called. These witnesses are to testify to fix the time Paul and the negro left Ashland farm and the negro reached here.

L. B. Harris was the last witness before the grand jury yesterday afternoon. He was in the grand jury room more than an hour. At the coroner's inquest Mr. Harris testified he talked to his son and his wife both from Davis' barn in this city that morning at 10:30 o'clock. He left for Cambridge City to attend a horse sale on the train that is due here at 10:30 o'clock. It is said the train was late that morning.

Mrs. Herman Miller, a very close friend of Mrs. Harris' and who is said to have talked to Mrs. Harris by telephone the morning of the tragedy, was called before the grand jury yesterday afternoon.

Dr. C. H. Parsons who examined the red plush piano stool saved from the fire at Ashland farm, testified at the opening session of the grand jury. It was he who said the red spots on the piano stool were blood, but that the examination revealed the spots were caused by blood which did not come from a wound.

LIFE IS A PLAY

the gifted bard once put into immortal words. But whether it is a comedy, drama or tragedy he neglected to state. Sometimes it is all three, with a suffragette ballet thrown in. Often, too, its humor and its tragedy are only divided by a hairline, and in most cases it's a woman's hair. We humans are the only animals that make fools of themselves; and if sometimes our error's are redeemed, it is not because of our wisdom, but in spite of our folly. We prove these few facts in
